PROFILE

Mobile Application Developer specializing in **Flutter**, with a proven track record of increasing user satisfaction by 30%, improving development efficiency by 20%, and enhancing student productivity by 20%. Achieved these significant results in a short period by optimizing app performance and integrating advanced technologies.

EDUCATION

Bachelor of Computer Science, *Babcock University* ⧉   2020 – 2024 │ Ogun, Nigeria
Cumulative GPA 4.73
Relevant Coursework: Data Structures and Algorithm │ Numerical Methods and Analysis │ Operational Research.

PROFESSIONAL EXPERIENCE

Flutter Developer, *khoded IT solutions*   12/2023 – present │ Berlin, Germany
- Developed a structured Flutter package for setting up apps, improving development efficiency by 20%
- Implemented robust testing protocols, resulting in a 30% reduction in post-release bugs.

Lead Flutter Developer, *Grocipe* ⧉   01/2024 – 05/2024 │ Chicago, USA
- Developed a recipe and meal plan application using AI, increasing user retention by 40%.
- Enhanced user experience with intuitive UI/UX design, boosting app ratings on app stores.

Mobile Application Developer, *Kiasup* ⧉   06/2023 – 06/2024 │ lagos, Nigeria
- Developed Android and iOS applications using Flutter, acting as a liaison between clients and artisans, increasing user satisfaction by 30%.
- Integrated real-time communication features, boosting user interaction by 40%.
- Implemented performance optimization techniques, improving app speed by 25%.

Total Energies Intern, *Total Energies E&P Nigeria* ⧉   03/2023 – 06/2023 │ lagos, Nigeria
- Created an inventory system for the souvenir store using Excel, improving inventory tracking accuracy by 50%.
- Developed a document tracker app using Flutter, reducing document retrieval time by 60%.

Mobile Application Developer, *Web innovative solutions*   02/2023 – 11/2023 │ lagos, Nigeria
- Collaborated on developing an academic planner using Flutter, adopted by over 10,000 students.
- Enhanced organizational features, resulting in a 20% increase in student productivity.

Mobile Application Intern, *Optisoft Technologies* ⧉   01/2023 – 03/2023 │ lagos, Nigeria
- Contributed to the development of an E-Transit application using Flutter, increasing user base by 30%.
- Implemented a secure payment system on the TMT mobile application, reducing transaction failures by 15%

Mobile Developer intern, *Sterling Bank*   07/2022 – 09/2022 │ lagos, Nigeria
- Recruited to work as a Mobile Developer intern at Sterling Bank
- Built a wallet application using Flutter

PROJECTS

Study Stats App, *by GDSC Babcock* ⧉
- Developed a Flutter and Firebase application with GDSC Babcock, used by 70% of Babcock students.
- Enabled students to set and achieve CGPA goals, resulting in a 15% improvement in average student GPAs

Laundry Room App ⧉
- Developed an Android application for a laundry company, used by over 5,000 customers.
- Streamlined laundry service processes, increasing operational efficiency by 30%.

LEADERSHIP

GDSC Babcock Mobile Lead
- Organized and led workshops on Flutter development, attended by over 200 students.
- Spearheaded collaborative projects, one of which was adopted by the university for campus-wide use.

BUCC Mobile Lead, *Babcock University*
- Coordinated hackathons and coding competitions, fostering a culture of innovation and learning.
- Led the development of a university app that streamlined communication and resource sharing, used by over 1,000 students.

BUCC Electoral President
- Oversaw electoral processes, ensuring fair and transparent elections within the club.
- Implemented a digital voting system, increasing voter turnout by 40%.

SKILLS

Technical Skills
Flutter, Dart, JavaScript, Swift, React, Python, HTML, CSS, CI/CD, C, C++, C#, MSSQL

Soft Skills
Problem-Solving, Effective Communication, Adaptability, and Analytical Thinking
